

SpectaQR System

Purpose: Automate attendance tracking, fine calculation, and payment confirmation for SSC events.

Core Modules (Current)

Module	Description
Event Management	Add events with 4 scan phases and fine per missed scan
Attendance Tracking	QR-based scanning per phase, auto-generates fines
Fine Calculation	₱ per scan × missed phases, stored in attendance.fine
Student Dashboard	View fines, attendance status, and payment history
Fine Confirmation	Admin scans QR, inputs amount, system deducts from fines immediately
Audit Trail	Logs every payment with timestamp
Admin Panel	Search, filter, and manage students, events, and payments

Branding & Presentation

- Disclaimer: "For SSC events only. Developed by SORS KOWD."
